CareerFoundry

UX Design Bootcamp & Frontend Development Specialization

March 2024 - January 2025

N.C. State University

B.S. Fashion & Textile Design
2013-2018

SUMMARY

Creative and user-centered UX/UI Designer with a unique background in apparel design and wellness. Adept at designing workflows, modernizing user interactions, and conducting user research to create intuitive, data-driven designs. Proficient in wireframing, prototyping, and usability testing with a strong foundation in visual design and frontend development. Passionate about crafting experiences that prioritize accessibility and inclusivity.

PROJECTS

BLISSBODY HEALTH & WELLNESS APP

UX/UI Design Project | Focus on Health Tech & Wellness

- Designed a mobile app integrating physical fitness and mental wellness, featuring mood journaling, resource browsing, and gamified rewards. Conducted user research, usability testing, and iterative prototyping to refine workflows and interaction patterns using Figma.

PERSONAL PORTFOLIO SITE

Web Development Project | Focus on Health Tech & Wellness

- Built a responsive personal portfolio website to showcase UX/UI design projects, emphasizing intuitive navigation and clean, modern aesthetics. Developed using HTML, CSS, and JavaScript, with a focus on accessibility and cross-platform responsiveness.

EXPERIENCE

TECHNICAL DESIGNER

Under Armour | Baltimore, MD | May 2024 - present

ASSOCIATE TECHNICAL DESIGNER

Under Armour | Baltimore, MD | August 2021 - May 2024

- Led technical responsibilities for high-profile collections enhancing workflows and meeting user-focused needs.
- Collaborated cross-functionally to improve product functionality, usability, and fit, ensuring alignment with user needs.
- Conducted fit evaluations, problem-solved engineering challenges, and communicated solutions with vendors, embodying user-centered problem-solving.

ASSISTANT TECHNICAL DESIGNER (CONTRACT)

Survival Armor | Fort Myers, FL | May 2020 - January 2021

- Streamlined production workflows and optimized material utilization through thoughtful pattern and process adjustments.
- Enhanced documentation practices to improve scalability and usability of manufacturing processes.

TECHNICAL DESIGN COORDINATOR

Chico's FAS, Inc | Fort Myers, FL | October 2019 - April 2020

- Created and updated tech packs for a variety of women's apparel categories. Assisted in fit sessions to ensure proper garment construction and alignment with design intent.
- Communicated with vendors to resolve technical issues and maintain product quality standards throughout the development process.

TECHNICAL DESIGNER (CONTRACT)

Honeywell - First Responder Products | Dayton, OH | March 2019 - August 2019

- Streamlined production workflows and optimized material utilization through thoughtful pattern and process adjustments. Enhanced documentation practices to improve scalability and usability of manufacturing processes.
